Student Workbook with Study Guide for Heiman's Basic Statistics for the Behavioral Sciences, 6th

Gary Heiman

Revised and closely integrated with the text, this resource includes (in each chapter) a review of objectives, terms, and formulas; a programmed review; conceptual and computational problems (with answers); and a set of multiple-choice questions similar to those in the Instructor's Resource Manual. A final chapter called "Getting Ready for the Final Exam" facilitates student integration of the entire course. The workbook can be ordered separately or shrink-wrapped with the textbook to form a package.
