**Urban Regeneration in the UK: Boom, Bust and Recovery** Phil Jones, James Evans

"A thorough update of what was already an excellently written, accessible and well-used book. Coverage of the key issues to impact on regeneration in the UK since the 2008 financial crisis is comprehensive, and ensures that this latest edition will remain a key reference work for students and practitioners alike."

- Dr David Jarvis, Coventry University and Deputy Director, Applied Research Centre in Sustainable Regeneration (Surge)

**"An accessible text for students that provides an excellent summary of the challenges facing the UK regeneration sector up to and including the present age of austerity."**

- *Dr Lee Pugalis School of Built Environment, Northumbria University*

**An engaging, systematic guide to the most dramatic transformation of our urban landscape since post-war reconstruction. This new edition has been fully revised to include:**

- Improved pedagogical features, including an expanded glossary and increased visuals, as well as key learning points, useful websites and suggestions for further reading
- More content on local sustainability and issues linked to climate change
- A new chapter, 'Scaling Up', which examines how regeneration operates when considering very large schemes, such as the London 2012 Olympics.

Jones and Evans draw together a mass of information around key themes in governance, sustainability, competition and design - from policy reports to academic studies - into a single coherent text, making this essential reading for anyone studying or working in the field of urban regeneration and planning.
