Family Secrets: Gay Sons; A Mother's Story (Do the Right Thing)

John Dececco Phd, Jean M Baker

Family Secrets: Gay Sons; A Mother's Story (Do the Right Thing) John Dececco Phd, Jean M Baker
As a clinical psychologist, Jean Baker had always considered herself open-minded and tolerant, but found she wasn't prepared for the revelation that her only two children were both gay. Family Secrets is an inspirational story of how she and her family learned to accept one another and overcome their internalized fears and prejudices as well as how they coped with a much greater challenge in their personal lives-- HIV/AIDS. Family Secrets is more than a parenting memoir, however. It is a guide that draws upon research and scientific findings to capsize the myths and stereotypes that contribute to societal homophobia. It offers important insight into the developmental needs of gay children, and it discusses the issues faced by gay and lesbian youth and their families. Offering practical suggestions about how parents and schools can help gay, lesbian, and bisexual children grow up to be productive, psychologically healthy adults, Family Secrets discusses the effects of social prejudice and stigma on the social and emotional development of sexual minorities. As long as homophobia is running rampant in American society, gay children are going to be reluctant or afraid to confide in their parents, and parents will have trouble understanding and accepting homosexuality in their children. To end the secrecy and build open and healthy environments for all children and adolescents, this book discusses:

- tactics for reducing homophobia in non-gay youths
 - promoting tolerance and understanding of sexual minorities at home and in school
 - the effects an AIDS death has on families
 - "coming out" about HIV/AIDS
 - discussing homosexuality with your children, regardless of whether or not they are gay or lesbian
 - sexual orientation and the interaction of biology with experience
- Because Family Secrets is written from the viewpoint of a parent/psychologist, it offers insights into the developmental needs of gay and lesbian children in a way that no other book has done. School counselors, psychologists, marriage and family counselors, teachers, school administrators, and the parents and siblings of gays and lesbians will all benefit from reading this honest, helpful, and encouraging book.

Donald Spada:

Playing with family inside a park, coming to see the sea world or hanging out with good friends is thing that usually you have done when you have spare time, after that why you don't try factor that really opposite from that. One particular activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Family Secrets: Gay Sons;A Mother;s Story (Do the Right Thing), you are able to enjoy both. It is great combination right, you still desire to miss it? What kind of hang type is it? Oh can happen its mind hangout guys. What? Still don't obtain it, oh come on its called reading friends.

Jonathan Rodriguez:

As a student exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Family Secrets: Gay Sons;A Mother;s Story (Do the Right Thing) can make you experience more interested to read.
