Abby Stone just wanted that perfect picture, the kind that would make a great memory for her cross-country road trip. She didn't want to leave that pristine wilderness, but real life was calling her back home, and she wanted one last parting shot. So when she caught sight of the giant Kodiak bear, she couldn't believe her luck.

Until a hunter's gun rang out, and that giant bear started running straight at her.

Logan Tucker came to this northern wilderness to get away from civilization, not be hunted by it. All he wanted was to be left alone, allowed to wander free, but now he was being shot at and photographed by a nosy human woman...who may just be his mate.

Too bad he's almost killed her.

A life-or-death decision means profound changes for both of them, and a return to civilization for the prodigal son. For Abby, it means the life she had is gone, perhaps forever. But danger follows the duo back to the world Shifters thought was safe, and may end up threatening everyone they hold dear...
