Simon Maxwell is moving forward with his life.

He's a self-made entrepreneur, and he's feeling confident that his business is off and running. He has recently broken up with Emily Stone, and while the two still share feelings for each other, neither has been willing to do much to mend the relationship. Simon resorts to his old lifestyle- one riddled with the empty feeling from one night stands, coupled with the perils of too much alcohol.

One day at work, he is lured onto a mysterious website that offers to fulfill one of **his darkest fantasies- a secret kidnapping** that will lead him to a **land of fetishes that he never dreamed possible.**

When Simon is least expecting it, he is jumped and then tossed into a van, taken to an abandoned warehouse, and **dominated by a group of domineering females.**

What Simon doesn't realize is that his **ex girlfriend, Emily, is behind the kidnapping.** He does his best to endure her punishment, and his masculinity is put to the test.

Will Simon live out all of his dark fantasies inside the warehouse?

Will he submit to the dominating females that take him captive?

It is a test of wills to see if Simon can tolerate the punishment, and **a surprise twist to determine if he and Emily will somehow reunite with a newfound passion.**
