The Princeton Review just teaches readers what they'll need to score higher on the GED. *There's a big difference.* In **Cracking the GED**, The Princeton Review will teach test takers how to think like the test makers and:

- Eliminate answer choices that look right but are planted to fool the test taker
- Improve scores with test-taking strategies like Backsolving and Process of Elimination
- Ace the exam without needlessly memorizing hundreds of facts
- Master even the toughest sections: social studies, science, literature and more
