Wolf shifter Sam thought he lost his one shot at love after the tragic passing of his fated mate in high school. Now he's single-mindedly dedicated to his lifelong dream: becoming an archeologist. As a senior at Waters College, he's poised to make it—if only he can impress Professor Stephen Saltz.

Stephen has never felt the burn of desire that other dragons describe for their mates—until he meets Sam. He knows he risks breaking all the rules of his profession when he asks the bright student to help with his research project. Stephen can't resist the smoldering attraction he feels, but he'll have to convince Sam that he has a second chance at love.

Just when they make a momentous discovery in their research, everything falls apart: the funding is pulled and their careers are thrown into jeopardy when Sam discovers he's pregnant... with a dragon shifter's baby.
