The world's top Flash experts take you behind the scenes to demonstrate how they create great Flash animations for the Web and beyond. These days you don't have to surf too far on the Web before you run into Flash animation. Whether exploiting Flash to create an animated splash page, a cool interface, or animated features, more and more Web designers are turning to this vector-based animation solution to spruce up their sites. With version 5, Macromedia has streamlined Flash's interface, added a few new drawing tools, and greatly improved the program's interactive scripting capabilities.
