Do you possess great wealth, or are you working hard to accumulate it? In either case, this book is a godsend for you.

Based on her own experiences and those of her clients with the Dark Side of wealth, Thayer Willis shines a light into an area seldom thought about, let alone addressed, in our materialistic culture.

In Navigating the Dark Side of Wealth, Ms. Willis details the pitfalls that great wealth can lead people into: the morally corrupting and emotionally stunting effects that having material riches can cause, and the pain and heartache that ensue. More importantly, within these pages she provides the needed guidance that, if taken to heart, can lead troubled inheritors to more balanced and fulfilling relationships.
