Avalanche (Secret World Chronicle) Mercedes Lackey, Veronica Giguere, Dennis Lee

From *New York Times* best-selling author and science fiction and fantasy mistress of adventure Mercedes Lackey, the continuation of a new saga of modern-day humans with superpowers—and the men and women who must learn to wield those powers without losing themselves in the process. Inspired by characters created for the massive multiplayer on-line game *City of Heroes*, and supported by a popular web site podcast!

With Metis in smoking ruins, most of the Metisians dead, and the Thulians bringing literal *blitzkrieg* to the whole world, you would think that things could not get worse for the heroes of ECHO.

Wrong. Red Djinni's past is about to catch up to him. So is Vickie's. The Thulian operatives working in the shadows are about to bring a whole new level of pain. And Verdigris is by no means finished.

The avalanche has begun. It is too late for the pebbles to vote.
