While working in the Publishing Industry, one of the trends I noticed was that it seemed EVERYONE had a children's book they wanted to publish...it was kind of a running joke. I was even approached on numerous occasions to illustrate them and I refused every time. Why? Because (remember) I couldn't draw to save my life! Over time, I realized that the MAJOR problem in succeeding with children's books ALWAYS came down to the SAME issue...the illustrations!

Every single author I met who wanted to publish a children's book struggled with illustrations!

In "Easily Illustrate Your Book," you will discover the secrets of using photographs together with cutting-edge illustration software to create gorgeous illustrations without having to draw or paint!
