Salvadore's Luck (Wolves' Heat Book 5) Odessa Lynne

Once every three years, humans become sexual prey to a species that has no control over the urge to mate because of a devastating attraction to human scent.

Bad luck has dogged Salvadore for far too long, and this time it's put him in the midst of his worst nightmare. He's trapped inside the protectorate where the aliens called wolves roam free—and heat season has started. He's terrified and he has good reason to be: if he doesn't submit, he'll end up with teeth at his throat and claws in his spine.

Between the memories that haunt Salvadore and the secrets he carries with him, the chances of him making it out of heat season alive aren't looking good.

But Salvadore's about to have the first lucky break he's had in years...

Book 5 in the Wolves' Heat series.
