The Cuban Missile Crisis Revisited

The Cuban Missile Crisis Revisited

The Cuban Missile Crisis Revisited is a comprehensive overview of the great cornucopia of new materials recently released by the Soviet Union, United States, and Cuba. The authors, some of whom were participants in the crisis, have all had a major role in bringing to light either significant reevaluations of the crisis, or in some cases, truly startling revelations of the extant wisdom surrounding much of the crisis. The collection, edited by a long-time student of the crisis, is a coherent, original, and up-to-date work that bears on a moment when the world, for good cause, held its breath in fear that the morning might bring the apocalypse.
