## CONFUCIOUS SAYS: BUY THIS BOOK: The Secret To A Happy, Healthy, Prosperous Life Based on the Wisdom of Confucius

Confucius has been called the Sage for All Ages. He almost singlehandedly invented the proverb--a ton of wisdom in few enough words to fit in a fortune cookie. And that is not to demean his philosophy. If you can pack genuine practical wisdom into a few words, you have reached the pinnacle of teaching. His teachings set the standard for all teachers, philosophers and yes, prophets and messiahs to follow. His wisdom touched on every aspect of life, his brevity and words made his teachings accessible to everyone. He emphasized ethics and morality in government, public and personal lives, he taught the importance of tact and diplomacy, and wrote the rules for successful relationships. There is a term--"Ren"-- which may be described as the pleasure one feels when being virtuous, contributing to the greater good and living a life of benevolence. "Ren" may be achieved, according to "Confucianism" through five virtues: diligence, kindness, generosity, seriousness, and sincerity. When asked if there was one word that would serve as a moral compass for one's life, Confucius replied, "Is not Reciprocity such a word? Never impose on others what you would not choose for yourself." Then there will be no resentment against you, either in the family or in the state." (Analects 12:2). This enunciation of The Golden Rule was not original to Confucius and further in this book we will discuss at length the derivations and universality of "The Golden Rule". But there is no doubt as to the universality of the proverbs and axioms as put forth by the one and only Confucius who inspired theologians, philosophers, teachers and people of all walks of life to live happier, healthier, more fulfilled and prosperous lives.
