Piano-K is an exciting new self-teaching game-book for children which does not require any previous music skills and the only one that integrates colors and figures into the score, and their matching stickers on the keyboard. The colorful animals' stickers allow kids to associate the notes on the keyboard with their places and names in the score without realizing that they are learning to read music. There are three levels of proficiency. In the third level, three sets of seven notes give the music a richer dimension with several sounds played at the same time. Over-sized 11 x 17 inches.
