Here's the last of the Behavior Series. If you're a tree-hugger you might want to avoid this volume as I attack a lot of Bigfoot Icons. But, they are All reports of others. I just put them together, so don't shoot the messenger. Starts off with, "Bigfoot: Good Guy or Bad Guy." Sounds innocuous enough, but there were few good things. Have him/her attacking everything from RVs to trashing houses in his usual rage. Then after chest beating, the monsters charges...without backing off, or throws rocks that injure the human. Then he kidnaps and forcibly rapes the ladies...could be your mother or girlfriend. What would you think of the foul beast then? Then in his rampages he leaves a lot of bodies...often with limbs torn off. Dave Paulides wrote the foreword to this volume and gave me permission to use a lot of his Missing 411 series. I abstracted the most curious events and some victim photos into one-liners, letting the reader decide if Bigfoot or something more sinister is the culprit. Many of the observations are frightening. Then we go into an "Addenda Stuff," portion of the book with the first report...with a Chapter Forward from Peter Byrne. He told the Western Bigfoot Society about a Yeti finger. Dr. Fahrenbach tells how to prepare a dead Sasquatch; DNA and ancestry; the Zana Affair with Editing and amending by Igor D. Bourtsev of Russia. There's a history of the WBS, plus a mock trial (very good) after the killing of a Bigfoot by Sasquatch Sleuth, Larry Lund. Then the Hoaxes...simple at first, famous Redwood, Memorial Day, Marx, and the first icon...the Skookum cast error. Then calm again. Examine a British DNA experts new book. But that last for the final Icon. I believe the Patterson footage was of a man in a suit. Must read to find out why; start with a Phony Timeline. Again, project was rushed, but the info is available. I read text thru twice and spell-checked. Format is with a lot of fuzzy old pictures from back issues of the Track Record, put together with text in a non-blocked manner. An extensive appendix lists the activities of the Western Bigfoot Society over the years. Have a great read...write a review for Amazon please...even if bad.
