Sun Sign Relationships ... An AstroCoach's Guide To How Each Sun Sign Dates, Relates And Communicates Lorna MacKinnon

We all want to love and be loved but not by just anybody. Flattering though it may seem at first there's no point being chased by someone who is not right for us or that ex who just won't take the hint. Let's face it they're just getting in the way of us finding the right person, aren't they?

As the saying goes 'you have to kiss a lot of frogs before you meet your prince' but do you? What if there was a way to dramatically cut the number of frogs you had to kiss? Would you try it? Of course you would!

What if there was a way you could know:

How likely he is to be faithful

How to flirt with him

If he's flirting with you

How to seduce him

How romantic he is likely to be

Whether he likes to chase or be chased

Whether he'll always remember his first love

What he is like as a husband

What dating him is like

Whether he wants to jump straight into a relationship or prefers a friends first approach

How he handles breaking-up

Whether he is likely to hang around with his exes and whether you should care

Whether you'll have to share him with his mates

Whether he's likely to play the blame game

How he handles conflict

Whether your communication styles are similar

Whether you're likely to hit each other's hot buttons right from the start

What his relationship needs are likely to be

How likely he will be to fulfil your relationship needs

What if there was a way you could tell whether a relationship with him is likely to be so comfortable it's effortless or whether it will be challenging but lead to plenty of personal growth? What if you could know what his ex is going to be like? Is she able to let go? Is he?
