Organizational Control (Cambridge Companions to Management)

Organizational Control (Cambridge Companions to Management)

Organization scholars have long acknowledged that control processes are integral to the way in which organizations function. While control theory research spans many decades and draws on several rich traditions, theoretical limitations have kept it from generating consistent and interpretable empirical findings and from reaching consensus concerning the nature of key relationships. This book reveals how we can overcome such problems by synthesising diverse, yet complementary, streams of control research into a theoretical framework and empirical tests that more fully describe how types of control mechanisms (e.g., the use of rules, norms, direct supervision or monitoring) aimed at particular control targets (e.g., input, behavior, output) are applied within particular types of control systems (i.e., market, clan, bureaucracy, integrative). Written by a team of distinguished scholars, this book not only sheds light on the long-neglected phenomenon of organizational control, it also provides important directions for future research.

From reader reviews:

Linda Porter:

Information is provisions for people to get better life, information these days can get by anyone at everywhere. The information can be a information or any news even an issue. What people must be consider whenever those information which is inside the former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you receive the unstable resource then you get it as your main information there will be huge disadvantage for you. All those possibilities will not happen inside you if you take Organizational Control (Cambridge Companions to Management) as the daily resource information.

Kenneth Handy:

Reading a e-book tends to be new life style with this era globalization. With studying you can get a lot of information that can give you benefit in your life. Having book everyone in this world may share their idea. Books can also inspire a lot of people. A great deal of author can inspire their own reader with their story or their experience. Not only the storyline that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on earth always try to improve their skill in writing, they also doing some exploration before they write with their book. One of them is this Organizational Control (Cambridge Companions to Management).

Terrence Kimball:

A lot of people always spent all their free time to vacation or even go to the outside with them family or their friend. Are you aware?
