Cursed with a Curse?: The Truth about Tithes and Offerings Joy Allen

To tithe or not to tithe? That is the question! Is the tithe to be taught and enforced in today's Christian church? Will those who fail to regularly pay tithes really be "cursed with a curse"? While certainly not an exhaustive resource, this book strategically presents the historical, contextual and theological facts pertaining to the tithe. Dr. Allen examines the psychological burdens of this age old doctrine and empowers the reader to understand the source of such interpretations. Though full of research and study, the arguments are presented in a manner that is simple and easy to understand, allowing the reader to effectively make a sound spiritual decision for him or herself. Whether you practice tithing or not, this book is essential for your library, as it will challenge the way you view God's plan for giving under the New Covenant.
