Interdisciplinary Journal of Information, Knowledge, and Management (2011): Dr. Eli Cohen Dr. Raymond Chiong, Eli Cohen

The academically peer refereed Interdisciplinary Journal of Information, Knowledge, and Management (IJIKM) endeavors provide readers around the world with the widest possible coverage of the use of information and technology to effectively create, apply, and communicate knowledge in organizations. IJIKM is published in print annually in a single volume by subscription and its articles also appear online as accepted free of charge. This arrangement provides authors with the widest possible readership while ensuring that their papers are fully accepted as bona fide. The mission of the Interdisciplinary Journal of Information, Knowledge, and Management (IJIKM) is to provide readers around the world with the widest possible coverage of the use of information and technology to effectively create, apply, and communicate knowledge in organizations. In addition to manuscripts centering on knowledge acquisition and sharing, agent-based systems, neural networks, genetic algorithms, learning systems, and natural language processing, we welcome manuscripts on a wide range of topics relating to the organizational use of information and technology. Past issues have included papers on online communities, TQM, gender differences, intra-organizational learning, technology ownership, business process simulation tools, business intelligence, cross cultural studies, and electronic villages, among others. IJIKM is an academically peer reviewed Journal. All submissions are blind refereed by three or more peers. IJIKM is published in print by subscription and its articles also appear online free of charge.
