Living Twenty Years In A Historic Mill Marion (Cook - Frye) Zasadil

An engaging account of the restoration of Historic Bowens Mills located in west Michigan. The four story, post & beam structure is an 1864 state historic site, the only surviving water powered grist & cider mill in Michigan. The Old Mill lay disassembled & decaying for 40 years when the restoration started. Other historic buildings were moved to the 19 acre complex & restored, an 1840's Plank House, an 1850's One Room School, an 1850's Barn and a Victorian 10 room Bowen House. A Village Lattice Covered Bridge was constructed over the mill stream. The bridge was patterned after the bridge that once crossed the Thornapple River in the near by village of Middleville. The recreation of the 17 foot Water Wheel, on the back side of The Old Mill, was a dream come true. The chronicle tells of the ups and downs, the laughter and the tears, that went into the work, over the twenty years of restorations.
